

ASCS Morning Drop-off

We have a large number of cars entering and exiting our morning drop-off zone. We need your help to make sure morning drop-off remains **SAFE** for the children. Please read the morning drop-off procedures carefully and please work with us to ensure the safety of all!

TEN COMMANDMENTS OF CAR LINE

- Please pull into the drop-off zone as shown below.
- Please only pull into the drop-off zone if your child is able to get himself/herself out of the car without your assistance.
- If your child needs assistance getting out of the car, then please park along the fence and walk your child into school. Please walk on the outside of the drop-off zone. See diagram below.
- Your child should be ready for immediate exit from the car when you pull into the drop-off zone – backpack and other items ready.
- **Children may exit the car only when you reach the front row!!** This will prevent children weaving between cars. If children are ready to disembark when your car reaches the front line, there should be only a very brief wait time for all.
