

Technology Acceptable Use Policy

Catholic Diocese of Richmond

All Saints Catholic School

Technology has become an increasingly critical tool to advance learning within the Catholic Diocese of Richmond. We see great potential for its use in the learning process as we seek to meet the mission of Catholic Schools:

To develop and nurture the spiritual, intellectual, social, and emotional growth of each student in the spirit of the Gospels and the teachings of the Catholic Church.

In a world where technology and our society are always changing, God and His Word remain the same. Our values and priorities are based on Biblical principles that transcend the latest technological trend. We want our schools to be a place where students can learn how to use technology as a positive tool to “make disciples of all nations.” Matthew 28:19

Part I: *The school, parents/guardians, and students agree to:*

- Use school based technology for instructional purposes only.
- Adhere to copyright laws.
- Model appropriate use of technology including social media accounts.
- Engage in online communication that positively represents the school.
- Share concerns of inappropriate technology use with parents or administration.
- Acknowledge the fact that the school cannot control all parts of the internet or incoming email.
- Respect the authority of the administration and the finality of decisions by the administration regarding what is inappropriate use and its consequences.
