

THE FUTURE IS NOW!

THE CAMPAIGN FOR ALL SAINTS

When All Saints was built 55 years ago, the school design included an open first-story parking wing with classrooms above.

The plan was, in time, to build out the carport to provide additional space for growth, but funding constraints continually delayed implementing the plan.

Finally, with *The Future is Now* campaign, the additional 6,800 square feet of space was completed in 2021 and students and staff began to use the new space this school year.

Build-out of the parking area not only expands academic and administrative space, it helps accommodate current and future growth, as well as provide the facilities needed to prepare our students for profound success in high school, college and beyond.

Thank you to Weinstein Properties and the many dedicated supporters who met our \$2.3 million dollar goal to make this dream a reality!
